   b. February 2021 Single Stream Recycling Report – In February, the Transfer Station received a total of 303 tons of single stream recyclables. The processing fee decreased to $84/ton, resulting in a YTD net gain of $13,759 in single stream recycling.
   c. Approval to Access Organics Contingency Funds (in General Fund) for $8,081 matching funds for VLCT PACIF Grant Application – Food Scrap Toter Tipper – TK reported that we are not yet decided on the best height of the new food scrap toter tipper that we plan to purchase and to include in the VLCT PACIF grant application. TK asked that we leave the $8,081 out of the motion for now, as the final price might be a bit higher.

7. NEW BUSINESS –
   a. New Haven Transfer Station Extension Site –

- **General Update**: TK is preparing an update on the timeline and projected costs for each phase. TK and Shane Mullen are now using matching phase numbers.

- **Weston & Sampson proposal for Traffic Study**: The BOS had wanted to proceed with a Traffic Study as the next step in exploring the New Haven site. The Weston & Sampson (W&S) proposal is on a time-and-expense basis not to exceed $13,000 without our prior approval. The timing of the traffic study will require VTrans approval, and W&S estimates the study would take four weeks.

  **Motion #4**: DG moved to recommend to the full BOS that we contract with Weston & Sampson to perform a traffic study on Route 7 not to exceed the proposed price. 
  
  **Discussion**: AH stated that even though this seems like a reasonable step, he needs more details on the history of this project before voting for it. DG described the long history of the Municipal Drop-off Advisory Committee (MDAC). TK was asked to present to the BOS a summary of the siting process for new BOS members at next week’s meeting.
  
  **VOTE**: Yes – 6 (BM, DO, RR, DG, CB, TW). No – 0. Abstain – 1 (AH).

b. **Update on Sewerage RFB** – TK and W&S are about to go out to bid for the final construction of the sewerage system at the Transfer Station. We have been reviewing the cost of paving and whether it makes sense to add on the paving for several areas, such as the driveway, that were not included in the original RFB but had been planned using this year’s maintenance budget. The E.Bd asked TK to consider what makes the most financial sense.

c. **Nominations Received for Election Slate** – The Chair and TW gave a report of the Nominating Committee and nominations received to date. The Chair is not allowed to run for Chair this year, due to the three-year maximum on successive years for the office, as per Charter. AH, DG and other E.Bd members expressed appreciation and praise for the Chair’s service. TW was willing to be nominated for the Chair. BM offered to be nominated for the Vice Chair. Both offices serve on the E.Bd. There are three nominations for E.Bd: Cheryl Brinkman, Deb Gaynor and David Olson (AH has a seat on the E.Bd per the Host Community Agreement). That leaves one other vacancy open for a nomination from the floor during the April 8th BOS meeting. TW did not see a need to hold a vote on appointing TK as the Clerk and Treasurer – the Charter states that those two officers shall serve at the BOS’s pleasure.

d. **Member Municipalities that have not returned BOS appointment forms** – TK reported that we are still missing signed appointment forms from 10 towns. She suggested that if a Town Clerk is having difficulty in obtaining the signature of the selectboard chair due to COVID-19, we allow the town to submit a copy of the selectboard meeting minutes appointing the town’s supervisor and alternate. The E.Bd did not see a problem with that interim measure, as long as the Town submitted the signed appointment form at a later date. TK will send out a reminder to the Town Clerks. The Chair mentioned that the towns have 30 days within which to appoint their representatives to the BOS, as stated in the Charter.

e. **COVID-19 Response Updates** – TK reported that we are awaiting more guidance on vaccine availability and how other municipalities are dealing with the requirements and motivation for staff to obtain one. We are also researching the matter of staff who go out of state on vacation but do not follow Vermont’s protocol on quarantining/testing upon their return.

f. **Legislative Report** – The Bottle Bill expansion bill may have lost some momentum. It did not make the Crossover deadline, but it remains eligible for action until the end of next Session. TK reviewed the letter from John Casella to the Rutland Herald responding to some of the claims of Bottle Bill expansion supporters. The E.Bd asked TK to share the letter with the BOS.

8. **EXECUTIVE SESSION** – For the purpose of discussing negotiation of a purchase & sale agreement of property – Not needed at this time.
9. AGENDA ITEMS FOR THE APRIL 8, 2021 BOS ANNUAL ORGANIZATIONAL MEETING – Annual Organizational items: Election of Officers and E.Bd members; BOS Conflict of Interest Policy and Board Member Roles & Conduct Introduction by the Chair; Proposed Meeting Schedule and Location; and District legal representation. Also: Feb. 2021 Financial and Recycling Reports; Organics Contingency Fund recommendation; New Haven Transfer Station Extension Site, including W&S Contract amendment for Traffic Study, and TK revised timeline and engineer’s opinion of probable cost; Executive Session for the purpose of discussing negotiation of a purchase & sale agreement of property; and TK presentation on history of the MDAC and BOS siting. Discussion of Bottle Bill expansion and Casella letter in the District Manager’s Report.

10. OTHER BUSINESS – None.

11. APPROVAL OF PAYMENTS – Invoices paid in February 2021 were reviewed and approved.

12. ADJOURN –
   Motion #5: RR moved to adjourn the meeting at 4:46 PM. AH seconded the motion.
   VOTE: Yes – 7 (BM, DO, AH, RR, DG, CB, TW). No – 0. Abstain – 0.

I agree that this is an original of the March 31, 2021 minutes that were considered and approved by the E.Bd at its meeting of ____________.
