      stream recycling processing fee decreased to $55/ton, resulting in a YTD net gain of $69,930.

      expenses of the District through June 2021 v. the annual Budget of 2021.

      comprehensive package of coverages and a better price point, staff recommended to the E.Bd that we
      switch our Life Insurance, STD and LTD coverages to New York Life by Sept 1, 2021.

First Choice, a company that specializes in Audio Visual systems, was recommended by the District’s IT security company, Tech Group. With so many of our meetings, trainings and presentations now being held virtually, this system will provide the District with the secure technology to hold these meetings in our own conference room, and will allow the BOS and E.Bd meetings to be held both in person and virtually.

Motion #4: RO moved to approve purchase of the First Choice AV System for the conference room. DO seconded the motion.

a. Draft Extension – Casella Waste Management Transport & Recycling Contract – CY2022 – TK met with Randy Dapron, of CWM regarding an extension of the existing contract for transport & recycling for CY2022. The extension would include a CPI increase equal to 100% of the CPI for the Garbage & Trash Collection Services for the average of the previous 12 months. The average for July 2020 – June 2021 is 4.1%. All other terms remain the same.

The low bidder was Northeast Great Dane for a MAC SP Compactor 2023 trailer for $91,775 (116 cu.yd, 2-year warranty, and 120-day delivery). The Titan 48-TW-WF 2022 trailer bid was $112,388 (120 cu.yd, 1-year warranty, and 120-150 day delivery). c. Transfer Station Sewerage Construction Update –

- Champlain Construction Contract Change Order – Electrical Work, Service to Scale House – The change order to the contract was due to an oversight in the site plans bid out to contractors, which did not include a separate electric conduit from the new pole to the scalehouse. The additional work was $11,328, which would increase the contract price to $150,194, an amount that is still within budget.

- D&F Excavating & Paving, Inc. Proposal – D&F Excavating & Paving submitted a $40,740 proposal for paving the areas disturbed by the construction, as well as paving the surface area in front of the scalehouse and office, and the driveway to the shed.

zoning bylaws, and this use is not well defined in their current or draft language. TK referred Aaron
to the BOS minutes posted on the ACSWMD website for information. TK informed Aaron that the
District would be happy to share any studies, applications, site plans after we submit the District’s
application to the Development Review Board. CB added that the first step in the permitting process
is the application to the DRB.

e. COVID-19 Response Updates — TK reported that we implemented the procedures last
reviewed by the E.Bd, i.e., unvaccinated staff and visitors are required to wear a mask in the office,
